"The scenery is absolutely stunning, and the walk includes stretches of bush, coast and farmland. It suits most fitness levels. Just being up there where it is so remote and wild was amazing. Having Coromandel Adventures take care of the logistics – picking us up/dropping us off and driving our rough Coromandel roads, meant the day was so much more relaxing, and their wealth of knowledge about the area added another dimension to the day. The drive back through the Pohutukawa trees in the evening light was incredible. We own a resort in Whitianga, and always feel confident to recommend Coromandel Adventures to our guests."
